

Design and Technology – Parental Contribution (KS3)

October 2014

Dear Parent

Throughout this year your child will be embarking on a number of different projects within design and technology lessons. To provide pupils with the opportunity of working with high quality materials, components and ingredients, we ask parents to make a voluntary contribution of £10.00 towards the cost of resources used.

Please note, pupils will still be asked to bring some ingredients to food technology lessons.

In the resistant materials side of design and technology, we also welcome the donation of materials from parents. We can make use of new or nearly new supplies of pine (PAR - various sizes but around 20mm preferred), acrylic, foamed PVC, sticky backed vinyl, drain pipe, guttering, unwanted mobile phones and chargers – we use the chargers to power low voltage light sources.

If you wish to discuss the above further, please do not hesitate to contact us.

Yours sincerely

Mrs K Cross
Head of Design and Technology – Food and Textiles

Mr D Allsopp
Head of Design and Technology – Electronics, Resistant Materials and Graphics

Design and Technology – Parental Contribution Please return this slip to the Pupil Services

Pupil Name: _____ Tutor Group: _____

I do/do not wish to contribute £10.00 towards the cost of materials for my child's practical work in design and technology during 2014-15.
