

Year 8 Parents' Information Evening

Tuesday 21st April 2015 6 – 8pm

March 2015

Dear Parent,

As your child moves through their experience of Year 8 at Test Valley School, I would like to invite you to join us for an important parents' information evening. This is dedicated to providing you with insights, information and ideas that will enable you to better support and encourage your child in the challenging and exciting time that lies ahead of them.

The evening will commence with light refreshments in the Main School Hall from 5:45pm onwards and will continue at 6.00pm with an introduction for all parents:

- **E safety: How to protect your child in today's technological world.**
The internet is an amazing resource which enables children and young people to connect, communicate and be creative in a number of different ways on a range of devices. The internet is, however, always changing and being able to keep up to date with your children's use of technology can be a challenge. The main purpose of this is to give you an opportunity to find out more about how to protect your child in this changing environment.
- **Revision techniques: How to support your child for their upcoming exam week.**
Year 8 exams will be held between 11th – 22nd May. Pupils will take exams in all their subjects and we would like to help prepare them fully for this experience and give them some revision techniques to suit a variety of different learners. We will have some activities planned to help you understand how these techniques work for your child.

I hope you will be able to join us and we look forward to meeting you for this important evening. Should you have any queries do not hesitate to contact me.

Yours sincerely

Mrs C Stubbs
Year 8 Coordinator
