

24 June 2020

Dear Parents/Carers,

I hope this letter finds you well and surviving these difficult times.

We are very conscious that the transition process for your child has not been a usual one. Please be assured we have many plans to ensure that once your child is here with us they have the best possible experience.

Sadly, due to the Government guidance and continued restrictions we are not allowed to hold a transition day or evening. However, we are currently arranging for your child to meet their tutor and their tutor group remotely over Microsoft teams. More information will follow on this shortly.

We will also hold the transition information evening for parents through Microsoft teams live. This will allow you to hear the key information you need for September and will allow you to post any questions you would like to ask via the chat facility. The link will also allow you to view the presentation again after the event.

The Live event will be broadcast at 6pm on Wednesday 8th July.

You can access it through this link from 5.55pm on the 8th July.

www.testvalley.hants.sch.uk/induction

We really hope you will be able to join us for this event.

In the meantime, if you have any questions or concerns please do email your Year Leader – Mr Murdoch Smith direct on murdochsmithi@testvalley.hants.sch.uk

Thank you for your continued partnership.

Yours sincerely,

Toni Wilden

Head of School
